

Are You One of This Class ?

If Not Begin With Us To-day

The quiet unassuming chap who keeps down expenses and saves his money is the man who comes out on top in the long run.

The man who hopes for a good wife and a home and a family is the fellow worth while. He is the one who buys dry goods, who buys coal, who pays taxes, who contributes to the prosperity of his community. He is the man who makes the town and on whom you can rely when trouble comes--AND IT ALWAYS COMES. He is the man who doesn't put off the grocer, the baker and the candle-stick maker, AND ALL THESE HAVE THEIR TURN. THE RAINY DAY is as certain as the sunshine, it may not last long but it is bound to come.

Thousands of dollars in Henderson county homes is our testimonial. A roof of your own over the head of your flock is not to be laughed at. An education for your children is well worth your consideration.

We ask no special favors, grant no unusual privileges, we help those who help themselves. They are legion—about a thousand aside from the women and children rise up and call us blessed and each and every one has paid his part.

We are in no wise a charity organization but the State and the National Government have exempted us from taxation because they realize the real benefit of our work.

Ours is the best savings system known, our expenses are little, our earnings are above 6 percent. and we take no real risks. If you want to build; if you want to save money systematically; if you want to educate your children WE DOUBT if you can do better--WE KNOW YOU CANNOT.

NEW SERIES OPEN APRIL 15th

THE LABORER'S BUILDING & LOAN ASSOCIATION
